Okay, fair enough. How should this and future Harvey PRs be routed? Thanks!

After our discussion, I talked about it with the group, and it was decided that the EAS review function was not a function that can be served by the FSC.

EAS access, while I do have it and have functioning knowledge of it, is not a requirement of the position, and people that fill in behind me may not have the ability to review these PR's in EAS.

I see where we want a review role before it goes to Tony for approval, but the reviewing of the accounting information and dollar amount/availability are included in the function of the Funds Certifying Official in the REOC(which is currently Lisa Ruhl). Monica should be sending that information up to everyone, if she has not already.

I cancelled the route and used the new route. It's in Jake's box.

Subject: M6H1 – Harvey Response - New PR route

Hey guys,

Until further notice, below is the new routing that the folks on 8 agreed to for all Harvey PRs, but with the caveat that the first and last reviewers (Jake and Lisa) may change every couple of weeks. Regardless, the first person will always be the response Financial Section Chief, and the last person will always be the response FCO. You can also add yourself between Tony and Lisa if you want a Cc in your inbox.

As a side note, you have to clear the “R6 Program Offices” field to find Jake.
